

RapidTray[®] Matrix Tray Systems

Our RapidTray[®] machined JEDEC OUTLINE MATRIX TRAY systems are the perfect choice for handling and shipping your custom IC packages when a custom molded tray is not available. We offer quick turnaround for prototype or low-to-mid volume production requirements.

We stock molded trays which are CNC machined to your order to provide custom pocket dimensions that will safely handle and protect your packages.

- Designed for prototype and low-to-mid volume production requirements
- Quick turnaround, 2 week lead time is typical for most orders.
- Available in JEDEC Thin Tray and Thick Tray versions
- Available as High Temperature Processing Trays and Low Temperature Handling Trays
- All ESD safe carbon fiber filled NoStat[®] composite polymer material
- Engraved with your Custom Description
- Trays can be designed to handle many different package styles including: QFP, FP, BGA, LGA, CGA, PGA, LCC, Hybrid Module, Socket, Connector, Transformer, Films, and more.....

Contact us at 603-889-2255 or via email at info@rhmurphy.com to check tray availability

Pricing: For standard pocket designs. Special designs or engraving may require additional costs.

<u>Tray Series</u>	<u>Outline, Layout</u>	<u>Temp Rating, Color</u>	<u>Machined Cost</u>	<u>Cover* Cost</u>
RHM-755	Thin, 10 pocket	180°C, Black	\$27.90	\$14.50
RHM-756	Thin, 10 pocket	60°C, Blue	\$21.90	\$ 9.50
RHM-782	Thin, 40 pocket	180°C, Black	\$39.90	\$16.50
RHM-783	Thin, 40 pocket	60°C, Blue	\$32.90	\$ 9.50
RHM-920	Thick, Custom	180°C, Black	\$43.90	\$16.75
RHM-921	Thick, Custom	60°C, Blue	\$33.90	\$10.75

*Blank/unmachined trays are offered as covers for RHM-755/756/782/783

Minimum Order Quantity: 10 pcs

NRE: There is a one time charge of \$225 for design and CNC programming of new tray versions.
