

RapidTray® Matrix Tray Systems

Our RapidTray® Machined JEDEC OUTLINE MATRIX TRAYS are the perfect choice for handling and shipping your electronic devices and modules when custom molded trays are not available. We offer quick turnaround for prototype or low-to-moderate volume requirements.

We stock molded “blank” trays which are custom CNC machined to order to create accurate pocket dimensions that will safely handle and protect your parts.

- Designed for prototype and low-to-mid volume production requirements
- Quick turnaround, 2 to 3 week lead time is typical for most orders.
- Available in JEDEC Thin Tray and Thick Tray versions
- Available as High Temperature Processing Trays & Low Temperature Handling Trays
- All ESD safe carbon fiber filled NoStat® composite polymer material
- Engraved with your Custom Description
- Trays can be designed to handle many different package styles including: CQFP, QFN, FP, BGA, LGA, CGA, PGA, LCC, Hybrid Module, Socket, Connector, Transformer, Films, and more.....

Contact us at 603-889-2255 or via email at info@rhmurphy.com to check tray availability

Pricing: For standard pocket designs. Special designs or engraving may require additional costs.

<u>Tray Series</u>	<u>Outline, Layout</u>	<u>Temp Rating, Color</u>	<u>Machined Cost</u>	<u>Cover* Cost</u>
RHM-755	Thin, 10 pocket	180°C, Black	\$29.95	\$14.95
RHM-756	Thin, 10 pocket	60°C, Blue	\$23.95	\$ 9.75
RHM-782	Thin, 40 pocket	180°C, Black	\$44.95	\$20.95
RHM-783	Thin, 40 pocket	60°C, Blue	\$34.95	\$ 9.75
RHM-920	Thick, Custom	180°C, Black	\$45.95	\$18.95
RHM-921	Thick, Custom	60°C, Blue	\$35.95	\$12.95
RHM-940	Thin, Custom	180°C, Black	\$54.95	\$15.95
RHM-941	Thin, Custom	60°C, Blue	\$43.95	\$ 9.95

*Blank/unmachined trays are offered as covers for RHM-755/756/782/783

Minimum Order Quantity: 5 to 10 pcs

NRE: There is a one time charge of \$375 for design and CNC programming of new tray versions.
